MATERIAL DUE: Friday, September 6

INVESTMENT: SPECIAL NATIONAL FEATURE OR CONTRACT RATES APPLY

Climate change is already having significant and costly effects on our society, and leading experts are providing innovative solutions to address these challenges. This special feature will highlight impactful examples in areas such as developing low-carbon energy systems, supporting clean technology development and implementing environmentally responsible practices.

Proposed topics:

GREEN ECONOMY – Advancing a low-carbon and circular economy.

CLEAN TECHNOLOGY – Technologies tackling greenhouse gas emissions and new climate realities.

SUSTAINABLE BUILDINGS – Improving the environmental performance of cities and communities.

RESEARCH – The science behind sustainable solutions.
