Canadian research extends the boundaries of knowledge and leads to discoveries and innovations that help to tackle some of the most pressing challenges faced by humanity today and in the future. This special feature explores world-class institutions, infrastructure and talent and highlights their real-world impact in improving lives and shaping a sustainable future.

Proposed topic highlights:

GLOBAL IMPACT – Collaboratively addressing complex global challenges.

PARTNERSHIPS – Researchers from different fields and institutions and community partners joining forces.

ADVANCED FACILITIES – Giving researchers access to the world’s best and most advanced research facilities, equipment and resources.

EDUCATION & COMMERCIALIZATION – Where students gain skills and competencies for translating ideas into impact.
