Hard-hit with the impact of the novel coronavirus, economies across the world are mapping out steps for recovery. This special feature series will explore the potential to leverage the unique strengths, ingenuity and political will in Canada to move forward with a view of long-term health as well as economic and environmental sustainability.

Proposed topic highlights:

Energy – Energy +infrastructure powering a brighter tomorrow.

Finance – Investing + Insurance solutions for stability and well-being.

Technology – Powering the new work, life and commerce.

Building + infrastructure – Designing the offices, homes, communities and cities of the future.

Impact – Creative giving to power our best in class charities and not for profits

Education + learning – Instilling the skills and competencies for succeeding in a new environment.
