One in three Canadians is currently living with diabetes or prediabetes, and rates of prevalence continue to rise. Across the country, advocates see the need for advancing awareness and understanding about the risks and complications associated with diabetes. This special feature highlights the efforts and initiatives of the organizations, researchers and innovators dedicated to improving the quality of life of Canadians with diabetes – with the ultimate goal to end diabetes.

Proposed topic highlights:

- ADVOCACY & SUPPORT** – Raising awareness and helping Canadians manage diabetes.
- RESEARCH & INNOVATION** – New findings and technologies promising hope.
- VIRTUAL HEALTH** – Tools and support structures improving access to care.
- OUTLOOK** – Expert advice for boosting outcomes with healthy living, nutrition and exercise.
