Demand for personal hygiene products has grown – and is expected to keep rising as the coronavirus pandemic has enhanced awareness about the importance of personal hygiene to health and well-being. This special feature will explore the benefits of hygiene for improving personal, societal and economic outcomes.

Proposed topic highlights:

MARKET TRENDS – Surging popular demand for hygiene products.

BOOSTING HEALTH OUTCOMES – Top advice for reducing risks and improving protection against infectious diseases.

INNOVATION – Innovative products and services for enhancing personal hygiene routines.

SUSTAINABILITY – Environmentally friendly hygiene practices.
