Historically, gold has been seen as a safe option in unstable markets and volatile economic times – which has found reflection in its performance during the coronavirus pandemic. This special feature explores the trends that affect the current outlook for gold as well as projections for the future.

Proposed topic highlights:

INVESTMENTS – Coins, bullion, bars, ingots, EFTs and other assets based on the gold price.

BALANCED PORTFOLIO – Gold bullion in an investor’s portfolio.

MINING & EXPLORATION – Innovative solutions to issues like rising production costs, environmental challenges and political instability.

CSR – Standards and practices leading to positive community impact and investor confidence.
