The past year has seen unprecedented disruption to the way we live, work and learn. As many places of work are undergoing significant changes, Canadians are looking for career planning and skills development opportunities that promise success in the new normal. This special feature will highlight leadership in educating the workforce of the future and meeting long-standing as well as emerging community needs.

Proposed topic highlights:

FUTURE-READY – Enabling success for Canadians in a changing work environment.

CONTINUED EDUCATION – Promoting lifelong learning as well as upskilling and reskilling.

TRENDS – Future-proof skills and competencies, and how to acquire them.

INNOVATION – New approaches to learning and work.

LEARNING MODELS – From customized educational content to flexible course delivery.

CREATIVITY & EDUCATION – How to foster an innovative and entrepreneurial mindset.
