

2023 NATIONAL INTEGRATED CONTENT FEATURE – DIGITAL AND NEWSPAPER

Medical innovation - Future of medicine

INTEGRATED CONTENT FEATURES: Turnkey solutions in which participating advertisers can be mentioned or quoted in at least one story.

Click on the report below to see a similar past feature

Health care is ever-evolving. Leading medical researchers and innovators are harnessing new technologies and breakthroughs in preventive care to improve patient outcomes and make health care more efficient. This special feature will examine how the leading experts in their fields are bringing innovative techniques to healthcare for Canadians across the country.

PROPOSED TOPIC HIGHLIGHTS:

- RESEARCH & INNOVATION** — Research breakthroughs aiding to mitigate current and future healthcare threats
- EQUAL ACCESS** — Ensuring that all Canadians have access to medicine and healthcare they need in a timely manner
- TECHNOLOGY** — Advancing healthcare technology from research tools to virtual care
- COLLABORATION** — Partnering with key groups to find comprehensive and sustainable solutions
