

2023 NATIONAL INTEGRATED CONTENT FEATURE – DIGITAL AND NEWSPAPER

REWARDS

Integrated Features are turnkey content solutions in which participating advertisers can be mentioned in at least one story. Produced by Globe Content Studio.

Topics are informed by Sophi, The Globe’s proprietary content management technology that provides our editorial staff and Globe Content Studio with data signals on what is resonating with readers and, more importantly, keeping them engaged. It provides confidence that these are ideal environments to position and deliver your brand message.

Themes for Rewards

There has been an explosion in rewards and loyalty programs over the past few years, going well beyond the usual credit card or travel rewards to programs that touch upon almost every consumer-facing industry there is. This integrated content feature will explore the latest trends and innovations in rewards programs, from the rise in personalization and gamification to VIP programs and more.

Advertisers with rewards and loyalty programs won’t want to miss the chance to get their programs out in front of savvy Globe and Mail readers – and as an integrated content feature, all advertisers will get the opportunity to have their programs mentioned in our interesting, informative Rewards content.
