

2023 NATIONAL INTEGRATED SPECIAL REPORT– DIGITAL AND NEWSPAPER

# THE FUTURE OF FOOD

**Integrated Special Reports are turnkey content solutions in which participating advertisers can be mentioned in at least one story. Produced by Globe Content Studio.**

Topics are informed by Sophi, The Globe’s proprietary content management technology that provides our editorial staff and Globe Content Studio with data signals on what is resonating with readers and, more importantly, keeping them engaged. It provides confidence that these are ideal environments to position and deliver your brand message.

## Themes for The Future of Food

Whether it’s sustainable packaging, the explosion of plant-based meal options, the increased importance of local sourcing or the emergence of exciting new innovations (including lab-grown meats!), the future of food is an endlessly fascinating topic. This integrated report will explore some of the most interesting trends in food production, research and innovation.

Advertisers – who could include food producers and agricultural companies, colleges and universities, grocery businesses and more – will have the opportunity to be woven into the content, giving them a greater opportunity to get their messages out to Globe and Mail readers from coast to coast.
