Our buildings – whether they house our homes, offices, businesses or other community amenities – have to be designed in a way to meet the needs of all stakeholders, including owners, occupants, investors and developers. This special feature will explore trends in property and buildings, including efforts to improve sustainability and create healthy and innovative spaces, and draw on the views of experts from the building industry, design, architecture, construction and planning.

**Proposed topic highlights:**

**ADVOCACY** – Leading advocates and experts shaping the future of design and construction.

**COLLABORATION** – Multi-disciplinary approach to tackling complex projects.

**SUSTAINABILITY** – Efforts to reduce energy use and carbon footprint.

**TECHNOLOGY & INNOVATION** – Solutions for smart, efficient and green buildings.

**EDUCATION** – Fostering the critical thinkers of tomorrow.
