

2023 NATIONAL INTEGRATED SPECIAL REPORT –  
DIGITAL AND PRINT

# INVESTING IN RENEWABLE ENERGY

**Integrated Special Reports are turnkey content solutions in which participating advertisers can be mentioned in at least one story. Produced by Globe Content Studio.**

Topics are informed by Sophi, The Globe’s proprietary content management technology that provides our editorial staff and Globe Content Studio with data signals on what is resonating with readers and, more importantly, keeping them engaged. It provides confidence that these are ideal environments to position and deliver your brand message.

## Themes for Investing in Renewable Energy

From solar parks to wind farms and more, renewable energy is crucial to the planet’s future, especially in the face of what’s going on with sustainability and climate today. The Globe and Mail will publish a national integrated special report to highlight various topics related to climate-focused investing.

This report will tell success stories of small renewable and cleantech companies, explore new and exciting trends and developments in the realm of renewable energy, and discuss climate-focused investment strategies. Advertisers in this report – ranging from ESG fund managers and brokers to renewable energy and cleantech companies and more – will have the opportunity for their message to be seen by readers looking to make a difference with their investments.
