

2023 NATIONAL INTEGRATED SPECIAL REPORT
DIGITAL AND NEWSPAPER

EDUCATION FOR TOMORROW

Integrated Special Reports are turnkey content solutions in which participating clients have brand alignment through ad agencies and content mentions within the report. Content is produced by Globe Content Studio.

Topics are informed by Sophi, The Globe’s proprietary content management technology that provides our editorial staff and Globe Content Studio with data signals on what is resonating with readers and, more importantly, keeping them engaged. It provides confidence that these are ideal environments to position and deliver your brand message.

Themes for Education for Tomorrow

There’s no doubt the world of education has recently been undergoing a massive evolution: from the ability to learn from anywhere, as remote and hybrid learning is now seen as a viable educational model, to a shift towards new ways of evaluating knowledge and performance – especially as the rise of AI and programs like ChatGPT present a host of new challenges and opportunities. There’s also the movement toward project-based and hands-on learning, and new academic programs aimed at preparing students for jobs that might not even exist yet. The Education for Tomorrow special report looks at these exciting trends and more.
